## 2. Product information

Product id *	VS1000D	VS1003B	VS1005G
	VS1005G-F	VS1010D	VS1053B
	VS1063A	VS1103B	VS1163A
	VS1205G	VS1205G-F	VS8053B
	VS8063A	VS1011E	
	Other (specify):		
Lot id *			
Date id *			
Package *	LQFP48	QFN68	QFN88
	Other (specify)		
Purchased from *			
PO number *			
PO/Ship date *			

### 3. Problem Description

Please describe the problem clearly *	<p>At which stage of the production was the problem found?</p> <p>What was found to be wrong?</p> <p>What indicates that the problem is in VLSI's Product?</p> <p>How to reproduce the problem in the laboratory?</p> <p>Can you share the circuit schematic around the VLSI's product for a review?</p>
---------------------------------------	--

### 4. Statistics

What was the operating environment? (used voltages, temperature, humidity)	
How many failing products were found? *	
How many products were used to get the number of the failing products ? *	
How many products are potentially affected? *	

## 5. RMA request

Do you want to return parts? *	No , I want just failure analysis (FA)	Yes, I want failure analysis and replacement of defected units
Number of products for failure analysis *		
Number of products that are requested to replace, please give Lot ids also		

## 6. Attachments

Number of attachments	
Description of attachments	

## 7. RMA instructions

RMA number (do no fill)	
RMA instructions from VLSI (do not fill)	

## Instructions

The return process has seven steps:

1. Fill the RMA form.
2. Send it to [quality@vlsi.fi](mailto:quality@vlsi.fi).
3. Wait for an RMA number.
4. You will get back the form with RMA number and instructions (Chapter 7).
5. Send the (sample of) defected units to VLSI.
6. Wait for 8D report.
7. If 8D report has approval of material return ship all agreed units for replacement.

To initiate the warranty process please fill in the RMA form. Required fields are marked with a asterisk (\*). Complete the RMA form and send it by email to [quality@vlsi.fi](mailto:quality@vlsi.fi). Note that we can not accept incomplete forms.

Approved RMA form will be returned by email together with an RMA number and RMA instructions filled. **Do not send any units to VLSI without an RMA number.** The RMA number is valid for 15 days. Products sent after this period need a new RMA number.

Note that VLSI is not responsible of any defects or problems caused by the delivery or improper handling of the returned material. Attach the address label on the outer delivery box. Products should be 100% reusable, so pack the products properly and handle with care. The packing for RMA should be done with the same quality as the original packing.

Proforma invoice should include the following information:

RMA number	(from Chapter 7.)
Product id	(from Chapter 2.)
Quantity	(from Chapter 5. or 7.) pcs
Value:	0.01 USD/pcs each, total (Quantity x 0.01) USD
Country of origin	(see Chapter "Country of Origin" on the next page)
Delivery address	VLSI Solution Oy Hermiankatu 8 G, 2nd floor FIN-33720 Tampere FINLAND
Status	<b>REJECTED MATERIAL RETURNED TO SELLER</b>

Attach the address label on the outer delivery box. Do not write anything on the inner boxes.

## Country of origin

Country of origin	South-Korea (Kr)	VS1000D, VS1003B, VS1005G, VS1005G-F, VS1010D, VS1053B, VS1063A, VS1103B, VS1163A, VS1205G, VS1205G-F, VS8053B, VS8063A
	Israel (IL)	VS1011E

## Transportation Costs

### Companies (and distributors)

Companies (and distributors) shall pay the transportation costs of the return delivery.  
VLSI Solution will pay the transportation costs of the replacement (or fixed product).

### Private persons

VLSI Solution will pay the transportation costs of the return to both directions. **You need to receive the RMA number and delivery instructions from VLSI Solution before the delivery.**
